1. Intent

At Worthington Primary School PSHCE is at the core of what we do and enables our children to become healthy, independent and responsible members of society, as well as developing the 'Whole child' intellectually, morally, socially and spiritually. PSHCE is taught across the whole school from Nursery-Year 6, on a weekly basis, following the Jigsaw scheme of work. Our PSHCE curriculum intends to build integral personal attributes including resilience, kindness, adaptability, generosity and honesty, which are fundamental to children being happy, successful and productive members of society. Furthermore, we are able to provide our children with a strong understanding of the diverse world around them and support them in playing a positive role in contributing to the school and wider community.

The aims of relationships and sex education (RSE) at our school are to:

- › Provide a framework in which sensitive discussions can take place
- › Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- › Help pupils develop feelings of self-respect, confidence and empathy
- › Create a positive culture around issues of sexuality and relationships
- › Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

As a maintained primary school, we must provide relationships education to all pupils under section 34 of the [Children and Social Work Act 2017](#).

However, we are not required to provide sex education, but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state, as outlined in section 403 of the [Education Act 1996](#).

We must also have regard to our legal duties set out in:

- Sections 406 and 407 of the Education Act 1996
- Part 6, chapter 1 of the [Equality Act 2010](#)
- The Public Sector Equality Duty (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities

At Worthington Primary School, we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents/carers. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder contributions – parents/carers and any interested parties were invited to submit their contributions and questions about the draft policy
4. Pupil consultation – through PSHCE sessions pupils thoughts and feedback are obtained
5. Governor consultation
6. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE (Relationship and Sex Education) is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover ‘Families and people who care for me’, ‘Caring friendships’, ‘Respectful relationships’, ‘Online relationships’, and ‘Being safe’.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Our RSE curriculum is set out as per Appendix 1, but we may need to adapt it as and when necessary. At Worthington Primary School we use the Jigsaw scheme of learning and resources for the delivery of PSHCE and RSE across the school.

Jigsaw covers all areas of PSHE for the primary phase, as the table below shows:

Term	Puzzle (Unit)	Content
Autumn 1	Being Me in My World	Includes understanding my place in the class, school and global community as well as devising Learning Charters.
Autumn 2	Celebrating difference	Includes anti-bullying (Including cyber and homophobic bullying) and diversity work.
Spring 1	Dreams and Goals	Includes goal-setting, aspirations, working together to design and organise fund-raising events.
Spring 2	Healthy Me	Includes drugs and alcohol education, self- esteem and confidence as well as healthy lifestyle choices.
Summer 1	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss.
Summer 2	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change.

We have developed the curriculum, taking into account the age, needs and feelings of our pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so that pupils are fully informed and don't seek answers online. Staff will also liaise with parents if appropriate.

We will share and provide opportunities to discuss all curriculum materials with parents and carers upon request.

Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p.17

At Worthington Primary School, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit). We conclude that sex education refers to Human Reproduction, and therefore inform parents of their right to request their child be withdrawn from the PSHE lessons that explicitly teach this i.e.

Jigsaw Changing Me Puzzle (unit) e.g.

Year 4, Lesson 2 (Having a baby)

Year 5, Lesson 4 (Conception)

Year 6, Lesson 3 (Conception, birth)

Parents / carers will be informed in advance of these sessions via class dojo and their right to withdraw from the session.

RSE Within the Worthington Primary Science Curriculum

In the Early Years Foundation Stage, children learn about life cycles. Through on-going personal, social and emotional development they develop the skills to form relationships and think about relationships with others.

In Key Stage 1, children learn:

- That animals including humans, move, feed, grow, use their senses, and reproduce
- That humans and animals can reproduce offspring and these offspring grow into adults
- That there are separate stages of human development which can usually be identified by physical changes
- To recognise and compare the main external parts of the bodies of humans
- To recognise similarities and differences between themselves and others

In Lower Key Stage 2, children learn:

- That the life processes common to humans and other animals include nutrition, growth and reproduction
- The differences between the bodies of certain animals

In Upper Key Stage 2, children learn:

- That when babies are young, they grow rapidly. They are very dependent on their parents.
- That during puberty, a child's body changes and that these changes enable the adults to reproduce.

Our Science curriculum in Upper Key Stage 2 supplements the teaching of RSE, reflecting the fact that many of our children begin to experience the impacts of puberty at this time.

We teach the children about the parts of the body and how they work, explaining what will happen to their bodies during puberty. Our school nurse leads sessions on this topic to complement the teaching covered in the Science and Jigsaw PSHE units of work.

By the end of Key Stage 2, we ensure that pupils know how babies are born, how their bodies change during puberty and what menstruation is. We always teach these with due regard for the emotional development of the children.

For more information about our RSE curriculum, see Appendix 1

6. IMPLEMENTATION- Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHCE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- › Families and people who care for me
- › Caring friendships
- › Respectful relationships
- › Online relationships
- › Being safe

For more information about our RSE curriculum, see appendices 1 And 2

These areas of learning are taught within the context of family life, taking care to make sure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents and foster parents/carers, amongst other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example, looked-after children or young carers).

Whilst pupils are given the opportunity to explore their own attitudes, values and beliefs and to develop an individual moral code that will guide their actions, this is exercised within an understanding of the right of people to hold their own views within a framework of respect for others. We are educating our children to live in the real world with all its contradictions. We mustn't let our adult knowledge and bias prevent us seeing things from a child's perspective. Our focus is on building healthy attitudes and positive relationships in an environment where difference is celebrated and everyone is included and valued for who they are.

We promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

Across all Key Stages, pupils will be supported with developing the following skills:

- Communication, including how to manage changing relationships and emotions
- Recognising and assessing potential risks
- Assertiveness and consent
- Seeking help and support when required
- Informed decision-making
- Self-respect and empathy for others
- Recognising and maximising a healthy lifestyle Managing conflict
- Discussion and group work

These skills are taught within the context of family life

Answering Difficult Questions and Sensitive Issues

Staff members are aware that views around PSHE and RSE related issues are varied. However, while personal views are respected, all PSHE and RSE issues are taught without bias.

Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect that others have the right to a different opinion. Both formal and informal PSHE and RSE arising from pupils' questions are answered according to the age and maturity of the pupil(s) concerned. Questions do not have to be answered directly, and can be addressed individually later.

We believe that individual teachers must use their skill and discretion in this area and refer to the designated safeguarding lead any concerns raised.

Our school believes that PHSCE and RSE should meet the needs of all pupils, answer appropriate questions and offer support. This should be regardless of pupils' developing sexuality and be able to deal honestly and sensitively with sexual orientation, answer appropriate questions and offer support. Homophobic bullying is dealt with strongly yet sensitively, in accordance with our anti-bullying policy. The school will liaise with parents/carers on this issue to reassure them of the content and context.

Confidentiality and Child Protection Issues

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the designated safeguarding lead who takes action as laid down in the Safeguarding Policy.

All staff members are familiar with the policy and know the identity of the Designated Safeguarding Lead (DSL). The child concerned will be informed that confidentiality is being breached and reasons why. Worthington Primary School is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment. The Safeguarding Policy and procedures are available on our website

6.1 Inclusivity

We will teach about these topics in a manner that:

- › Considers how a diverse range of pupils will relate to them
- › Is sensitive to all pupils' experiences
- › During lessons, makes pupils feel:
 - Safe and supported
 - Able to engage with the key messages

We will also:

- › Make sure that pupils learn about these topics in an environment that's appropriate for them, for example in:
 - A whole-class setting
 - Small groups or targeted sessions
 - 1-to-1 discussions
 - Digital formats
- › Give careful consideration to the level of differentiation needed

6.2 Equality

The DfE Guidance 2019 (p. 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics. At Worthington Primary School, we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education. We are sensitive to these views but uphold every child's right to access the Primary National Curriculum and education at Worthington.

As a school we actively promote equality in all areas of the school community. We are sensitive to behaviours and language which could reinforce stereotypical gender roles and consciously provide opportunities in our curriculum to dispel and challenge these stereotypes.

6.3 Use of resources

We will consider whether any resources we plan to use:

- Are aligned with the teaching requirements set out in the statutory RSE guidance
- Would support pupils in applying their knowledge in different contexts and settings
- Are age-appropriate, given the age, developmental stage and background of our pupils
- Are evidence-based and contain robust facts and statistics
- Fit into our curriculum plan
- Are from credible sources

- Are compatible with effective teaching approaches
- Are sensitive to pupils' experiences and won't provoke distress

7. Use of external organisations and materials

We will make sure that an agency and any materials used are appropriate and in line with our legal duties around political impartiality.

The school remains responsible for what is said to pupils. This includes making sure that any speakers, tools and resources used don't undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

We will:

- Make appropriate checks and engage with external agencies to make sure that their approach to teaching about RSE is balanced, and it and the resources they intend to use:
 - Are age-appropriate
 - Are in line with pupils' developmental stage
 - Comply with:
 - This policy
 - The [Teachers' Standards](#)
 - The [Equality Act 2010](#)
 - The [Human Rights Act 1998](#)
 - The [Education Act 1996](#)
- Only work with external agencies where we have full confidence in the agency, its approach and the resources it uses
- Make sure that any speakers and resources meet the intended outcome of the relevant part of the curriculum
- Review any case study materials and look for feedback from other people the agency has worked with
- Be clear on:
 - What they're going to say
 - Their position on the issues to be discussed
- Ask to see in advance any materials that the agency may use
- Know the named individuals who will be there, and follow our usual safeguarding procedures for these people
- Conduct a basic online search and address anything that may be of concern to us, or to parents and carers
- Check the agency's protocol for taking pictures or using any personal data they might get from a session
- Remind teachers that they can say "no" or, in extreme cases, stop a session
- Make sure that the teacher is in the room during any sessions with external speakers
- Share all external materials with parents and carers

We won't, under any circumstances:

- Work with external agencies that take or promote extreme political positions
- Use materials produced by such agencies, even if the material itself is not extreme

8. Roles and responsibilities

8.1 The governing board

The governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

8.2 The Headteacher

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory/non-science components of RSE.

8.3 Staff

Staff (Teachers and Teaching Assistants) are responsible for:

- › Delivering RSE in a sensitive way
- › Modelling positive attitudes to RSE
- › Monitoring progress
- › Be aware of and are sensitive to behaviours and language which could reinforce stereotypical gender roles and consciously provide opportunities in our curriculum to dispel and challenge these stereotypes.
- › Responding to the needs of individual pupils
- › Responding appropriately to pupils whose parents/carers wish them to be withdrawn from the non-statutory/non-science components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

8.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

9. Parents' right to withdraw

Parents/carers do not have the right to withdraw their child from relationships education. In line with equal opportunities, RSE will be given to ensure quality of access for all pupils, regardless of faith, gender, race or disability, so giving equal opportunities and avoiding discrimination.

Parents/carers have the right to withdraw their child from the non-statutory/non-science components of sex education within RSE.

At Worthington Primary School, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PHSCE Programme in the 'Changing Me' Puzzle (unit), and we conclude from the DFE Guidance that sex education refers to Human Reproduction. In order to teach this in a scientific context, and knowing that National Curriculum Science requires children to know how mammals reproduce, we have opted to teach this within our Science curriculum, not within PHSCE or Relationships and Sex Education as we believe this is most appropriate for our children.

Therefore, the parent right to withdraw their child is not applicable. We are of course happy to discuss the content of the curriculum and invite you to contact your class teacher via Dojo message.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

Alternative school work will be given to pupils who are withdrawn from the non-statutory/non-science components of sex education.

10. Training

Staff are trained on the delivery of RSE as part of their continued professional development.

The headteacher will also invite visitors from outside the school, such as school nurses, to provide support and training to staff teaching RSE.

11. Monitoring arrangements

The delivery of RSE is monitored by the Senior leadership Team and Mrs H Bowcott (PSHCE Lead) as a part of our monitoring cycle through:

- Curriculum Reviews
- Work scrutiny
- Pupil interviews
- Learning walks
- Lesson observations
- Link Governor visits
- Subject Leader reports

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

12. Links with other policies

We recognise the clear link between the PSHCE and citizenship and the following policies and staff are aware of the need to refer to these policies when appropriate

- PSHE Policy
- Behaviour Policy
- Anti-bullying policy
- The Equality Policy
- Accessibility Plan
- Online Safety Policy
- RE Policy
- Safeguarding Policy
- SEND policy
- Science Policy
- Staff code of conduct

Appendix 1: Curriculum map

Relationships and sex education curriculum map

Jigsaw PSHE 3 -11/12 Content Overview

Age Group	Being Me In My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
Ages 3-5 (F1-F2)	Self-identity Understanding feelings Being in a classroom Being gentle Rights and responsibilities	Identifying talents Being special Families Where we live Making friends Standing up for yourself	Challenges Perseverance Goal-setting Overcoming obstacles Seeking help Jobs Achieving goals	Exercising bodies Physical activity Healthy food Sleep Keeping clean Safety	Family life Friendships Breaking friendships Falling out Dealing with bullying Being a good friend	Bodies Respecting my body Growing up Growth and change Fun and fears Celebrations
Ages 5-6	Feeling special and safe Being part of a class Rights and responsibilities Rewards and feeling proud Consequences Owning the Learning Charter	Similarities and differences Understanding bullying and knowing how to deal with it Making new friends Celebrating the differences in everyone	Setting goals Identifying successes and achievements Learning styles Working well and celebrating achievement with a partner Tackling new challenges Identifying and overcoming obstacles Feelings of success	Keeping myself healthy Healthier lifestyle choices Keeping clean Being safe Medicine safety/safety with household items Road safety Linking health and happiness	Belonging to a family Making friends/being a good friend Physical contact preferences People who help us Qualities as a friend and person Self-acknowledgement Being a good friend to myself Celebrating special relationships	Life cycles – animal and human Changes in me Changes since being a baby Differences between female and male bodies (correct terminology) Linking growing and learning Coping with change Transition
Ages 6-7	Hopes and fears for the year Rights and responsibilities Rewards and consequences Safe and fair learning environment Valuing contributions Choices Recognising feelings	Assumptions and stereotypes about gender Understanding bullying Standing up for self and others Making new friends Gender diversity Celebrating difference and remaining friends	Achieving realistic goals Perseverance Learning strengths Learning with others Group co-operation Contributing to and sharing success	Motivation Healthier choices Relaxation Healthy eating and nutrition Healthier snacks and sharing food	Different types of family Physical contact boundaries Friendship and conflict Secrets Trust and appreciation Expressing appreciation for special relationships	Life cycles in nature Growing from young to old Increasing independence Differences in female and male bodies (correct terminology) Assertiveness Preparing for transition
Ages 7-8	Setting personal goals Self-identity and worth Positivity in challenges Rules, rights and responsibilities Rewards and consequences Responsible choices Seeing things from others' perspectives	Families and their differences Family conflict and how to manage it (child-centred) Witnessing bullying and how to solve it Recognising how words can be hurtful Giving and receiving compliments	Difficult challenges and achieving success Dreams and ambitions New challenges Motivation and enthusiasm Recognising and trying to overcome obstacles Evaluating learning processes Managing feelings Simple budgeting	Exercise Fitness challenges Food labelling and healthy swaps Attitudes towards drugs Keeping safe and why it's important online and off line scenarios Respect for myself and others Healthy and safe choices	Family roles and responsibilities Friendship and negotiation Keeping safe online and who to go to for help Being a global citizen Being aware of how my choices affect others Awareness of how other children have different lives Expressing appreciation for family and friends	How babies grow Understanding a baby's needs Outside body changes Inside body changes Family stereotypes Challenging my ideas Preparing for transition

© Copyright Jigsaw PSHE Ltd

Age Group	Being Me In My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
Ages 8-9	Being part of a class team Being a school citizen Rights, responsibilities and democracy (school council) Rewards and consequences Group decision-making Having a voice What motivates behaviour	Challenging assumptions Judging by appearance Accepting self and others Understanding influences Understanding bullying Problem-solving Identifying how special and unique everyone is First impressions	Hopes and dreams Overcoming disappointment Creating new, realistic dreams Achieving goals Working in a group Celebrating contributions Resilience Positive attitudes	Healthier friendships Group dynamics Smoking Alcohol Assertiveness Peer pressure Celebrating inner strength	Jealousy Love and loss Memories of loved ones Getting on and Falling Out Girlfriends and boyfriends Showing appreciation to people and animals	Being unique Having a baby Girls and puberty Confidence in change Accepting change Preparing for transition Environmental change
Ages 9-10	Planning the forthcoming year Being a citizen Rights and responsibilities Rewards and consequences How behaviour affects groups Democracy, having a voice, participating	Cultural differences and how they can cause conflict Racism Rumours and name-calling Types of bullying Material wealth and happiness Enjoying and respecting other cultures	Future dreams The importance of money Jobs and careers Dream job and how to get there Goals in different cultures Supporting others (charity) Motivation	Smoking, including vaping Alcohol Alcohol and anti-social behaviour Emergency aid Body image Relationships with food Healthy choices Motivation and behaviour	Self-recognition and self-worth Building self-esteem Safer online communities Rights and responsibilities online Online gaming and gambling Reducing screen time Dangers of online grooming SMART internet safety rules	Self- and body image Influence of online and media on body image Puberty for girls Puberty for boys Conception (including IVF) Growing responsibility Coping with change Preparing for transition
Ages 10-11	Identifying goals for the year Global citizenship Children's universal rights Feeling welcome and valued Choices, consequences and rewards Group dynamics Democracy, having a voice Anti-social behaviour Role-modelling	Perceptions of normality Understanding disability Power struggles Understanding bullying Inclusion/exclusion Differences as conflict, difference as celebration Empathy	Personal learning goals, in and out of school Success criteria Emotions in success Making a difference in the world Motivation Recognising achievements Compliments	Taking personal responsibility How substances affect the body Exploitation, including 'county lines' and gang culture Emotional and mental health Managing stress	Mental health Identifying mental health worries and sources of support Love and loss Managing feelings Power and control Assertiveness Technology safety Take responsibility with technology use	Self-image Body image Puberty and feelings Conception to birth Reflections about change Physical attraction Respect and consent Boyfriends/girlfriends Sexting Transition
Ages 11-12 (Scotland)	Personal identity What influences personal identity Identify personal strengths How do others see me? Group identity My growing sense of personal identity and independence Online and global identity Expectations	Assertiveness Prejudice and discrimination My values and those of others Challenging stereotypes Discrimination in school How prejudice and discrimination fuels bullying Being inclusive	What are my dreams and goals? Steps to success Coping when things don't go to plan Rewarding my dreams Intrinsic and extrinsic motivation Keeping my dreams alive How dreams and goals change in response to life	Healthy choices about my emotional health Managing stress Managing my choices around substances Managing my nutritional choices Medicines and immunisation Healthy choices about physical activity and rest/sleep	My changing web of friendships Support I need now and in the future Developing positive relationships What external factors affect relationships, e.g. media influences? Assertiveness in relationships The changing role of families	My changing body and feelings What is self-image? Coping during times of change My changing ways of thinking Managing my changes in mood Moving forwards into my next year of education

Appendix 2: By the end of primary school pupils should know

TOPIC	PUPILS SHOULD KNOW
Families and people who care about me	<ul style="list-style-type: none"> • That families are important for children growing up because they can give love, security and stability • The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives • That others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care • That stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up • That marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong • How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed
Caring friendships	<ul style="list-style-type: none"> • How important friendships are in making us feel happy and secure, and how people choose and make friends • The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties • That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded • That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right • How to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed

TOPIC	PUPILS SHOULD KNOW
Respectful relationships	<ul style="list-style-type: none"> • The importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs • Practical steps they can take in a range of different contexts to improve or support respectful relationships • The conventions of courtesy and manners • The importance of self-respect and how this links to their own happiness • That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority • About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help • What a stereotype is, and how stereotypes can be unfair, negative or destructive • The importance of permission-seeking and giving in relationships with friends, peers and adults
Online relationships	<ul style="list-style-type: none"> • That people sometimes behave differently online, including by pretending to be someone they are not • That the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online including when we are anonymous • The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them • How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met • How information and data is shared and used online
Being safe	<ul style="list-style-type: none"> • What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context) • About the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe • That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact • How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know • How to recognise and report feelings of being unsafe or feeling bad about any adult • How to ask for advice or help for themselves or others, and to keep trying until they are heard • How to report concerns or abuse, and the vocabulary and confidence needed to do so • Where to get advice e.g. family, school and/or other sources

Appendix 3: Parent/carer form: withdrawal from sex education within RSE

TO BE COMPLETED BY PARENTS/CARERS			
Name of child		Class	
Name of parent/carer		Date	
Reason for withdrawing from sex education within relationships and sex education			
Any other information you would like the school to consider			
Parent signature			

TO BE COMPLETED BY THE SCHOOL	
Agreed actions from discussion with parents/carers
