We believe 'music is a universal language that embodies one of the highest forms of creativity. A high quality music education should engage and inspire pupils to develop a love of music and their talent as musicians, and so increase their self-confidence, creativity and sense of achievement. As pupils progress, they should develop a critical engagement with music, allowing them to compose, and to listen with discrimination to the best in the musical canon.' (The National Curriculum in England Framework Document (DfE) 2014)

Our well-balanced curriculum promotes the spiritual, moral, cultural, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of later life. We will develop pupils' spoken language, reading and writing in all subjects and will develop pupils' mathematical fluency.

We strive to provide a curriculum that all pupils will find enjoyable with them understanding the relevance of their lessons. This can only be achieved by using the experience, enthusiasm and specialism of individual teachers who provide interesting, relevant, purposeful and differentiated lessons based on real-life experiences, wherever possible, in a structured well-ordered classroom environment.

In our Music curriculum policy, we are committed to upholding British values and respecting protected characteristics. Our approach to teaching Music aims to create an inclusive learning environment where diversity is celebrated, and every student feels valued and respected. Through the study of Music, we encourage critical thinking, empathy, and effective communication skills, while embracing the richness of cultural heritage and individual perspectives. By fostering an atmosphere of inclusivity and mutual respect, we empower our students to engage with the world around them with confidence and understanding

Annually, we undertake a subject evaluation that is based on the following questions:

- How do we design and provide a curriculum that is broad and balanced for all pupils? (Curriculum Intent)
- How do we deliver our curriculum through teaching, assessment and feedback? (Curriculum Implementation)
- How do we assess pupil achievement through external tests/exam results and by our own school data? (Curriculum Impact)

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims

- To ensure that all pupils perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of great musicians and composers.
- To ensure that all pupils learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence.
- To ensure that all pupils understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

(The National Curriculum in England Framework Document (DfE) 2014)

- To promote the teaching of numeracy and literacy within all subjects.
- To evaluate the school curriculum by focusing on curriculum intent, implementation and impact.
- To share good practice within the school.
- To work with other schools to share good practice in order to improve this policy.

Roles and Responsibility for the Policy

Role of the Governing Body

The Governing Body has:

- appointed a member of staff to be responsible for the curriculum leadership of Music;
- delegated powers and responsibilities to the Headteacher to ensure all school personnel and stakeholders are aware of and comply with this policy;

- join the school in celebrating success of their child's learning.

Policy Procedure

Teaching and Learning Style

We use a variety of teaching and learning styles in order to develop children's knowledge, skills and understanding.

Curriculum Planning and Organisation

Teachers collaborate on the planning of the subject to ensure parity in provision and to share expertise. We follow the Kapow Music condensed programme to ensure progression across the school. Curriculum planning is managed in three phases namely:

Long Term Planning

- details what is to be taught over the year
- provides teaching guidelines and overall objectives for each year group for the whole year

Medium Term Planning

- organises the subject into termly or half-termly sections
- is more detailed and the objectives are more specific in nature
- is developed by the teachers, who respond to the needs of their pupils
- ensures a balanced distribution of work is undertaken across each term

Short Term Planning

- plans lessons in detail with specific class objectives
- sets individual learning goals for each pupil

Links with ICT

The use of information and communication technology will promote, enhance and support the teaching of this subject area.

Inclusion

We believe that we are an educationally inclusive school as we are concerned about the teaching and learning, achievements, attitudes and well-being of all our pupils. We aim to provide places for all pupils who express a preference to join this school.

We believe we have a duty to ensure that all children have equal rights to the opportunities offered by education and that all children will be encouraged to fulfil their potential in their academic, physical and creative achievements.

We want to give all children the right to access high quality educational experiences, to take part in a broad and balanced curriculum and to be part of the social life of the school.

We understand that:

- some children demonstrate a higher attainment than average for the class and often require and opportunities to learn through challenges;
- talented children demonstrate an innate talent or skill in Music.

We have an even greater obligation to plan and deliver well-structured lessons with appropriate assessment plus ambitious targets for pupils who have low levels of prior attainment or come from disadvantaged backgrounds. Adaptive teaching plays an integral role in ensuring children who receive PPG or have SEN are enabled to achieve. All children, including those who receive PPG, are provided with opportunities in each year group to develop their cultural capital through further learning experiences such as; visiting and performing in professional music venues, viewing professional music and taking part in performances in their class on an annual basis.

Also, we have a duty to cater for pupils whose first language is not English by planning teaching opportunities to help them develop their English and to gain full access to the National Curriculum, through strategies such as pre-teaching and scaffolding.

Adaptive Teaching

Adaptive teaching is best defined as 'the process by which differences between learners are accommodated so that all students in a group have the best possible chance of learning.'
(Geoff Petty)

Worthington Primary School

The main purpose of adaptive teaching is to challenge and raise standards of learning by ensuring that curriculum objectives are accessible to all our children despite their backgrounds or abilities. We see adaptive teaching as a form of integration and not exclusion.

Adaptive teaching must reflect the learning objective and can be achieved in a variety of ways either by task, by support or by outcome and should be chosen by fitness for purpose.

We want all children to achieve success, therefore we will ensure our teaching is adapted so pupils can demonstrate successfully what they know, understand and can do.

The main feature of effective adaptive teaching is good planning resulting in effective teaching and learning with children making good progress. Also we expect to see in all classes interested, well-motivated children responding to challenges, children working productively on task and being aware of their own progression.

Special Educational Needs

We want pupils with identified special educational needs to have full access to all subjects of the National Curriculum with teachers planning lessons that have no barriers to pupils achieving and with appropriate targets relating to the subject.

Assessment for Learning

Teachers will:

- carry out continuous assessment;
- use short-term assessments matched to the teaching objectives to adjust their planning;
- make comments in pupil's books related to the teaching objective;
- carry out medium-term assessments to measure progress against key objectives to adjust planning;
- carry out long-term assessment to assess progress against school and national targets;
- administer national tests and assessment in Y2 and Y6;
- use long-term assessments to help them plan for the next academic year;
- inform parents and carers of their child's progress and targets.

Monitoring and Review of the Subject

Monitoring of standards of children's work and the quality of teaching is the responsibility of the subject coordinator supported by the Headteacher and the SLT.

Standards will be monitored by:

- looking at pupils work
- subject observations
- pupil discussions
- audit of subjects
- scrutiny of planning
- general curriculum discussions

Contribution of the Subject to other Areas of the Curriculum

Music can be linked to most curriculum subjects.

Resources

The school has a full range of resources to support the teaching of this subject throughout all year groups. Resources are upgraded and replenished when the need arises. An annual stock take and audit is undertaken by the subject coordinator in the summer term in preparation for the next academic year.

Training

We:

- ensure the content of all training is correct, delivered well and engages staff as we believe that the more engaging training is, the better the outcomes that we need to measure;

Monitoring the Implementation and Effectiveness of the Policy

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the Headteacher and the nominated governor.

A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the Governing Body for further discussion and endorsement.

Please read this policy in conjunction with the Music Curriculum Statement and our SEND, Feedback and Marking, Teaching and Learning and Assessment Policy.
